CROWDS GATHER TO SEE FIGHT

Miners, Ranchers and Farmers on Hand for Gans-Herman Mill.

Tonopah, Nev., Dec. 27.—Tonopah is bathed in the appearance of a real fight during the closing days of the training of the two great lightweights, Joe Gans and Kid Herman.

It is doubtful if ever there was such a holiday crowd in this camp since the time Jim Butler came across the great Alpihan ledge. The people are pouring in from all sides, with but one object in view—to see the two fighters train and to be on deck for the big event on the afternoon of Jan. 1.

As may be imagined, it is a conglomerate crowd that is gathering for the New Year's day mill. There is the blue-shirted prospector with his burro; the cowpuncher from the Smoky valley and the cattle ranges to the north; the farmer with his canvas-covered wagon from the Lake valley, to the southwest; and the wealthy miner owner from everywhere, with his noisy automobile and his bank roll which he is spending.

The most noticeable feature of this gathering is that every man has money.

Ever since Manager E. J. Moran, the Ghettoite and the Baltimorean the natives of the Sagebrush state have been herding the coin together and saving it for the big event. These men who are pouring in from the neighboring camps, to keep track of the lightweights' training, are spending money like water. It is the same old story of the men of the desert who spend the better part of the year in hard grind, topping off the season with a Roman holiday.

Jockey Miller Continues His Winning Riding at Oak-land.

San Francisco, Dec. 27.—Jockey W. Miller at Emeryville today won two out of four of his races, the first winner being Como, an almost prohibitive favorite, and the second, Alma Boy. The track was sloppy. The race furnished an exciting finish, a half dozen horses coming to the wire in a bunch.

WILLE WANTS OGDEN DATE

Manager Curley Requested to Take Up Matter at Once With Louis Saville.

Jack Curley has taken charge of John Wille again and announces that he will make Wille the champion. John blew in from Chicago recently and after a short confab with Curley tied up with him for the future. Jack Curley believes in getting busy and at once wrote to know how the game is going along in Utah. Curley says he would like to get a match with Wille in Ogden, as he believes Wille is a good card in that town.

The communication was addressed to The Herald, and the Herald sporting editor at once wrote Curley that Louis Saville, of Ogden, was the man to see about getting a match for Wille. From a little information received some time ago it is believed that Saville and Wille have met before. It is also learned that at one time Saville was willing to back John, and if this is true, it would look as if the Ogden man might again be willing to do so. Saville might be induced to stage the match if he could secure Billy Gibson as referee.

TRACK MEET BY TELEGRAPH

Leading Y. M. C. A. of Northwest Will Compete in Event This Evening.

A telegraphic track meet among the leading Y. M. C. A. of the northwest is scheduled for this evening, Salt Lake being one of the competitors. The other teams will be from Portland, Seattle, Tacoma, Everett, Hoquim and Boise.

Picked teams from each association will run through the list of events and the results will be telegraphed to Portland, where in turn the winners will be selected and the results wired back to the competing associations. The list of events will be the shot put, pole vault, running high jump, 440-yard potato race and 220-yard potato race.

The local association has prepared accommodations for visitors, and while waiting for final results will give an exhibition wrestling match.

BOTH MEN UNDERSTAND

Tonopah, Nev., Dec. 27.—Jack Welch, referee of the Gans-Herman fight, was in conference with the fighters today. He said afterward that both men thoroughly understood the rules and there would be no trouble in the ring on that score.

Gans was down to a fraction over 130 pounds today. He says the rest will be easy. He will slacken up a day or two before the fight. Herman will stop boxing after tomorrow.

MERLINGO IN HARD DRIVE

Cigarlighter Right After Him and Would Have Won in Next Jump.

Los Angeles, Dec. 27.—McDaniel landed two firsts and a second at Ascot today. In the third race Avontellus ran a good race and came with a rush at the end. Mountebank was easily best in the fourth. The sixth race developed into a contest between Merlingo and Cigarlighter. Merlingo took the lead entering the back stretch, and won in a hard drive, but Cigarlighter was right up and would have won in another jump. Weather cloudy, track sloppy.

WARDLE IMPORTS COLLIE

Son of World's Champion, Squire of Tytton, Arrives from England.—Bench Show Winner.

Among the other high class dogs in this town, Salt Lake can now boast of having one of the finest collies in the world. His name is Southport Silver, and he arrived yesterday direct from the Mason kennels at Freshfield, England. The dog is one year old.

He was imported by Dr. W. H. Wardle, of this city, who is one of the prime movers in the new Utah kennel club. The dog was shipped on Dec. 12 and came straight through in a wicker basket by fast liner and fast train. The dog is in good shape considering the long trip.

In a couple of days he will be in shape for exhibition to the dog show friends. Southport Silver was sired by Squire of Tytton, considered the finest collie in the world. His owner, Mr. Mason, of the Mason kennels, from which come the best collies in existence, refused \$10,000 for Tytton last year, the offer being made by J. Pierpont Morgan. Southport Silver was on the bench but once, but on this occasion won ten firsts and eighteen special prizes, including a handsome silver cup.

L. D. S. U. BEAT APOLLOS

Work of Milne's Midgets Comes as Surprise to Basketball Fans.

The L. D. S. U. league basketball team sprung a surprise on the strong Apollo team at American Fork last night by defeating them in a match game by a score of 36 to 25. The Apollo team is considered one of the strongest aggregations in the state and the victory for Milne's Midgets came as a surprise. The first half ended by a score of 22 to 15 in favor of the L. D. S. U.

At one time in the game Captain Metcalf of the L. D. S. U. wished to stop playing on account of the decisions of umpire Bush, who called in all the fouls on the L. D. S. U. and none against the Apollo team. Coach Milne, however, came to the rescue and ordered Metcalf to play the game out, which he did and won. The decisions of the referee met with the approval of both teams. This is the first time the L. D. S. U. team has defeated the Apollo aggregation. The line-up:

L. D. S. U. Apollo.

Metcalf.....R.F.....Barratt
Horsfield.....L.G.....Ingersoll

PIGEON SHOOT AT OGDEN

Local Experts Preparing to Attend One on New Year's Day.

Ogden trap shooters have completed arrangements for a big trap and pigeon shoot at their gun club grounds for New Year's day. A number of fast flyers have been secured for the event, and it is safe to bet there will be some tall shooting done. A number of local cracks, including Calhoun, Burgess, Jackson, Van and Duke Johnson will attend. A special invitation has been issued by the Ogden shooters to all Salt Lake gunners who think they can shoot. Rooster champions will not be barred.

A live bird shoot was to have been held in Ogden on Wednesday, but the weather conditions were so bad the birds could not fly and the shoot for New Year's was arranged instead.

M'KEAN BEATS SMITH.

Takes Four Out of Five Games in Checker Match.

Hugh MacKean and J. B. Smith began their checker match last evening by playing the first series of five games. MacKean won four of the five, the last game of the evening resulting in a draw. MacKean won the toss and took the white. Smith formed a Double Corner with the blacks in the opening game, which was excellently played. MacKean won a grip. The second game, an Ayrshire Lassie, was won by MacKean with the black squares. MacKean with the white also won the third game, a Cross. He also won the fourth game, a Second Double Corner, with the blacks. The fifth game was almost a repetition of the first. Double Corner, and was drawn. Smith improving his playing of the game. The second and concluding series of the match will be played off tonight in the Press club.

NO 'FRISCO FIGHT FOR THE CYCLOPE

Sidesteps Bad One in Ogden to Receive Lemon on Fitzgerald Date.

Out of the frying-pan into the fire is the way things seem to be going for Cyclope Thompson. Thompson left here last Tuesday for San Francisco because the proposed fight at Ogden with Maurice Thompson looked none too good from a box office standpoint, and went to the coast to meet Fitzgerald. When he arrived in 'Frisco he was told that the fight with Fitzgerald had been called off. His manager, Ray White, once got busy and tried to have the fight pulled off as per schedule and is still working along those lines.

When Cyclope left Ogden some accused him of having cold feet. Not so with Cyclope. His manager saw the handwriting on the wall, supplementing that received yesterday regarding a vessel ashore near the Midway islands.

"Our superintendent at Midway islands now reports name of bark is Carrollton, and the vessel is bound for San Francisco, and mate's boat safe inside reef."

The dispatch yesterday erroneously gave the name of the bark as Charles Boutrow and stated that the mate's boat with eight men had not yet been sighted.

WILL BUILD COPING AROUND BURIAL PLOT

San Diego, Dec. 27.—The Bennington Memorial association of San Diego, which started to raise a fund for a monument for the Bennington heroes, but did not succeed in securing sufficient funds, has decided to apply the amount collected to placing a coping around the lot at Point Loma, where the sailors are buried. When it was seen that the fund was not going to be raised by reasonable proportions, the committee offered it to Admiral Goodrich as an addition to the Pacific squadron fund, but he declined it as the men of the fleet wanted the monument to come from the squadron alone. It was at his suggestion that the money is to be used as stated.

DOCTOR TALKS FOOTBALL

But His Wires Are Crossed When He Says Baseball is on the Wane.

Springfield, Mass., Dec. 27.—At the national convention of the American Physical Education association held today, the feature of the afternoon session was an address by Dr. James A. Babbs of Haverford college, a member of the intercollegiate football rules committee, on "The New Game of American Football."

He said football was essentially a game for college gentlemen and was always sure to prove a failure in the hands of professionals. "Physical educators," he continued, "have been in open conflict with professional trainers and in a certain degree football shared this opportunity. The new system of football, however, affords so much opportunity for rational outdoor air and free field movement that it must be admitted that a new phase has been placed on this department of physical training."

The game has become open and free without destroying its points of interest. These conditions are significant and to those who detect a waning interest in baseball, the suggestion that football is perhaps developing too much of national interest.

"If this be so, it is regrettable; but it must be confessed that American people from the president down have been educated, perhaps stimulated, into an enthusiasm for grand notions of courage and sports of the rational type."

LEOPOLD'S MISTAKE.

Archduke of Austria Possessed of an Eccentric Wife.

Vienna, Dec. 27.—The local newspapers are discussing a report that Archduke Leopold of Austria, who abandoned his title and became Herr Wolfleif in order to marry an actress, intends to secure a divorce on account of his wife's eccentricities. For some time Leopold's wife has been a vegetarian. She finally joined a colony of "nature's people," who live in caves, subsist upon uncooked vegetables, go practically without clothes and abstain from all civilized customs. After leaving Austria, Leopold and his wife, who was a Miss Adamovics, resided in Switzerland, where the former Austrian archduke became a citizen of that republic and served in the Swiss army. The couple have now agreed to a separation. It is declared that Leopold is going to the United States to sell a nautical invention. He has obtained the consent of the Austrian court that his allowance be paid in the United States.

HEAVY WOOL SALES.

(Special to The Herald.) Boston, Mass., Dec. 27.—A business of several million pounds has been transacted here this week in fine clothing territory wools, including a sale of 1,000,000 pounds of fine and medium wools. The secured price is placed at 68 cents. There has been considerable other business in Idaho, Montana and other sections at 21 to 23 cents, costing 68 to 70 cents secured. Medium grades are selling in apparently a small way at 28 to 29 cents.

CUBAN STRIKE SPREADING.

Havana, Dec. 27.—The men on strike in the shops of the Cuban Central railway at Camaguey have been joined by the carpenters, the masons and the truckmen. Trains, however, are running as usual. The property of the railway is being protected by rural guardsmen.

CANCER RESEARCH FUND.

London, Dec. 27.—Cancer research will receive assistance from a donation of \$200,000 from Mr. and Mrs. Henry Louis Bischoffshelm to the Imperial Cancer Research fund, in which King Edward is interested. This donation is a part of a gift of \$500,000 to various charities on the celebration of the Bischoffshelms' golden wedding.

BURIED IN THE TUNNEL.

New York, Dec. 27.—Thomas Brown, a foreman, is supposed to be buried under the sand in the Long Island City end of the Belmor East river tunnel. The laborers struck a fault in the earth today and the inrush of water and sand drove them back. Brown delayed to make sure of the escape of his men, and has not since been found.

NO DEFENSE WAS OFFERED M. & M. GETTING BUSY

Felony Trial of One of the Men Secretary Taft Helped Elect in Idaho.

(Special to The Herald.) Boise, Ida., Dec. 27.—At Caldwell today the case against Robert Lanson was begun. The state introduced its testimony, and the defense then moved for an instructed verdict, on the grounds that the state had not made out a case, the motion being taken under advisement until tomorrow morning. This is a case that attracted a great deal of attention during the closing days of the late campaign. Lanson is the newly elected secretary of state. Shortly before the campaign ended he was arrested on a charge of having while county assessor of Washington county, two years ago, embezzled some \$40 allowed him as rebate on the taxes of a sheep man named Brown. The latter did not receive the money. Lanson was bound over after testimony had been introduced on those two points. Later he took a change of venue to Canyon county. Today the state offered the same testimony introduced at the preliminary.

MATE AND HIS MEN SAFE IN THE HARBOR

Washington, Dec. 27.—The navy department has received the following telegram from George C. Ward, vice president of the Commercial Pacific Cable company, supplementing that received yesterday regarding a vessel ashore near the Midway islands:

"Our superintendent at Midway islands now reports name of bark is Carrollton, and the vessel is bound for San Francisco, and mate's boat safe inside reef."

The dispatch yesterday erroneously gave the name of the bark as Charles Boutrow and stated that the mate's boat with eight men had not yet been sighted.

Los Angeles, Dec. 27.—Some time during last night the postoffice at Glendale, a suburb eight miles distant from Los Angeles, was broken into and a registered mail valued at \$800, and \$400 in cash stolen. The burglars effected an entrance into the stone building where the postoffice is located through the rear. They then broke into the safe with a hammer and cold chisel taken from a blacksmith shop two blocks distant. After securing the booty, the men returned to the blacksmith shop where the mail bags were torn open and the mail strewn about.

WHAT PHOTO-THERAPY IS

Call at Our Offices and We Will Tell You in a Few Words WHAT IT WILL DO (THE REASONS WHY)

The science of Photo-therapy, as practiced at the Salt Lake Medical Institute, is attracting widespread attention throughout the west, especially throughout the intermountain districts. There is scarcely a town of any consequence in the states of Utah, Wyoming, Nevada, Montana, Idaho or Colorado but has one or more patients who can testify to the marvelous cures brought about by Photo-therapy science. These encouraging results from our ceaseless efforts to reach the afflicted people of the west are alone responsible for the rapid development and growth of Photo-therapy.

We came to Utah more than sixteen years ago and later settled in Salt Lake City, knowing it to be a good field to practice our chosen profession. To show the people THAT WE WERE NOT FAKERS, and meant business, we purchased our homes here and became taxpayers, and citizens of the city. Until February, 1906, when we introduced Photo-therapy, the science was practically unknown in this part of the country. We resorted to advertising in the local papers, telling the people what this wonderful science was, and people commenced coming to us who had been ailing for years and were unable to get any relief from any mode of treatment, and were cured in a few short weeks through this wonderful science of curing disease without drugs or knives. Such marvelous cures as these are what has built up such a reputation for Photo-therapy in this vicinity. After nearly twelve months' advertising we can refer you to hundreds of cases which have been cured by Photo-therapy. It is human nature for people to be skeptical of anything new, BUT ONE MUST BELIEVE HIS OWN EYES. If you could spend one hour any afternoon in our offices you would be convinced of the marvelous cures we are making. We can do the same for you. If you have tried everything under the sun and have been unable to get relief, do not despair, for there is still hope. Throw away those drugs that have killed more people than the largest wars, and do not submit to an operation, a useless operation, because you have money (AND THE SURGEON NEEDS IT), but let nature have a chance at you. Nature is the grandest of all doctors, and if given a chance will bring you out all right, AND WHAT WE CLAIM FOR PHOTO-THERAPY IS THIS: It will allow nature to perform her natural functions. Surely this one point and you will admit that our claim is worthy of careful investigation. If you try Photo-therapy you will be astonished at the quick results. Some people have been cured with one treatment, others in a week, and again some require more treatments, but no matter what chronic trouble, or how long standing, it must finally yield to this marvelous science of Photo-therapy. We will be pleased at all times to have you call and let us explain the principles of Photo-therapy to you. We charge nothing for diagnosing your trouble, nor for an examination, and we will show you the cause of your trouble so that you will be convinced beyond a doubt.

We are located at 159 1/2 South Main St., between the Tribune and Herald buildings. Office hours: 9 a. m. to 5 p. m., and evenings, 7 to 9:30; Sundays, 9 a. m. to 12 noon. For the accommodations of the ladies we have a lady attendant.
